

Corner Guard 3' Long

Product Images

Short Description

- Heavy-duty, one piece construction to withstand all weather conditions
- Constructed from high impact thick resistance natural rubber that flexible and absorbs the force of impact and gently bounces back
- Features reflective yellow safety stripes designed to bring attention to corners from a distance or in dimly lite areas
- Used indoors or outdoors for medium and heavy traffic areas. For temporary or permanent installation. Easily installed by one person

- Corner Guards can be mounted vertically or horizontally along the corners of walls or beams to prevent damage
- Long lasting and cost efficient
- Requires minimal maintenance. Periodically inspect the screws and tighten if necessary

Description

Corner guards are cost efficient damage prevention solutions that help protect the surrounding infrastructure and vehicles in parking facilities. Manufactured from high-impact virgin rubber, these long-lasting, durable, and cost-effective solutions are highly visible and easy-to-install. High intensity reflective tape increases visibility – especially at night, and provides the necessary guidance to drivers when parking in tight spots. Ideal for surface and multi-level parking lots, interior factory, warehouse walls, and areas surrounding loading docks. Available in 2 models.

Specifications

Model No	GNRSCG90YB
UPC	662641884793
Color	Black/Yellow
Quantity Included	1
Length (Inches)	36
Width (Inches)	0.8

Prop 65
